

In the center of my nothing
lives my source
of peace
all-knowing
Yes, in my nothing

In the center of my nothing
my life unfolds
in trust
always safe
Yes, in my nothing

In the center of my nothing
is no yesterday
or tomorrow
always NOW
Yes, in my nothing

In the center of my nothing
the energy
of others
don't touch me
Yes, in my nothing

In the center of my nothing
I am balance
and harmony
in my strength
Yes, in my nothing

In the center of my nothing
I observe
the dream
called life
Yes, in my nothing

In the center of my nothing
I am my
golden source
eternal awareness
eternal knowing
playing in every NOW
enjoying this Earth dream
